Aakash Mahadik

Full Stack Software Developer

🏠 My website   Github   in LinkedIn   ✉ aakashmahadik02@gmail.com   📞 7057052317

OBJECTIVE

➔ Aspiring full stack developer with a passion for creating dynamic and user-friendly web applications. Eager to leverage my knowledge of front-end and back-end technologies to contribute to a collaborative development team.

EXPERIENCE

LETS GROW MORE | WEB DEVELOPMENT INTERNSHIP

June 2022 – July 2022 | Pune, India

➔ LetsGrowMore is a grassroots organisation with the mission of strengthening the present to create a better future. I finished a one-month internship where we used HTML, CSS, and JavaScript to develop a number of web-based projects.

PROJECTS

PRODUCT PAGE | REACT JS
2023

➔ Using ReactJS, I made a straightforward product page for shoes.
➔ Github Code - ViewCode
➔ Product Page link

POKEMON CARDS GAME | HTML | CSS | JAVASCRIPT | NODEJS
2023

➔ This project creates a special kind of Pokemon card with several special abilities, such as attack, defence, and speed.And Pokeapi is used to retrieve the data.
➔ Github Code - ViewCode
➔ Pokemon cards Game link

CONTACTS APP | REACTJS | FIREBASE | TAILWIND CSS
2023

➔ Created a firebase contacts app that enables us to add and save contacts into your application. And with the aid of the Firebase backend, data is stored.
➔ Github Code - ViewCode
➔ Contacts App link

ONLINE MEAL ORDERING WEBSITE | HTML | CSS
2022

➔ I designed a responsive website for online meal ordering.
➔ Github Code - ViewCode
➔ Online Meal Ordering Website link
